

Large Format Digital Photo Printer

Color Stream E1

Best for Portrait Photo, Photo Album, and more!

Improve your value of 8" size print!

Fast Printer Speed

8"x10" print result can be made within 30 seconds, and 8"x12" - within 35 seconds and these are the fastest speed in roll type 8" size printer.

The experience of our dye-sub printer technologies now introduces high speed, 8" size, and roll-fed printer Color Stream E1.

Multiple Print

Not only full size print but also multiple print is available. The details are shown in the back side page.

Roll-Fed Paper

Roll-Fed mechanism gives printer edge-to-edge print, paper-jam free, and low-waste operation, comparing with cut sheet printer.

- ▶ Edge-to-edge print enable to reduce cutting area of prints.
- ▶ Roll-fed structure has superiority in anti-paper-jam provision, carrying out stabilized paper feeding.

Robust Printer

Color Stream E1 is most reliable and stable 8" size printer in the world. It is proved by long run & best sales in the 8" size dye-sub printers.
